

## OEM

Built on a track record for creating exceptional consumer electronics, CZ has formalized its role as an OEM through financial investment, product R&D and detailed market research.

CZ's origins in contract manufacturing has created the perfect platform to offer bespoke electronic products ideally suited to local market conditions, making us your OEM partner of choice.

## STARTING OFF...

We have developed our own suite of products, using internationally proven technology, aimed at the home entertainment and home management environments. Mobile phones, Tablets, Televisions, Set Top Boxes, OTT Boxes and Smart Home Gateways are all being manufactured locally for sale in the African market.

Having started off by launching South Africa's own MINT brand of mobile phones, we quickly realized that the quality and technology offered by a CZ manufactured product was extremely appealing to local buyers.

CZ has since branched out into the development of other consumer electronics such as Tablets, Televisions, Android and Set Top Boxes. Additional, exciting developments are in the pipeline covering the area's of IoT and the Smart Home, Digital TV content, wearable Tech and more.

If you can imagine it, we can make it. CZ's expertise in concept development, manufacturing and testing is an ace in your pocket, giving you and your company the very best chance at achieving commercial success.

### ... AND ON TO FUTURE SUCCESS

*Consumer confidence in our products has emboldened CZ to strategically partner with retailers, we lead their concept development, testing and R&D so that they can bring products to market that empower their own Brands.*
